Report 100,000 Nazi Troops Trapped in Saraya Russa Area

British Announce Big German Battleships Badly Damaged

(By The Associated Press)
Great Britain announced today that "severe damage" had been inflicted on Germany's 26,000-ton battleships Scharnhorst and Gneisenau, which escaped in the battle of Dover Strait, and that a British submarine had torpedoed a cruiser of the 10,000-ton Prinz Eugen class off the coast of Norway Feb. 23.

The Prinz Eugen accompanied the Scharnhorst and Gneisenau in their spectacular flight from Brest, France, on Feb. 13.

The report said the escaped battleships were now lying in drydock at Kiel and Wilhelmshaven, where they have been the target of repeated RAF bombing assaults.

On the German side of the ledger, a special bulletin from Adolf Hitler's high command asserted that the Nazi U-boats had sunk seven ships totalling 52,000 tons from a strongly escorted convoy in the Atlantic and seriously damaged six other ships.

100,000 Nazis Trapped

On the Russian war front, Stockholm dispatches said 100,000 German troops were threatened with death or surrender, caught in the steel jaws of a Soviet trap in the Saraya Russa sector, and that the Red armies were also closing a pincer on Hitler's armies retreating through the Napoleonic "Escape Corridor" from Moscow.

Russian troops, moving heavy guns over the snow on propeller-driven sledges, were reported knifing toward the Moscow-Smolensk railroad from two directions. Soviet front line dispatches said that the Red armies had defeated Nazi reserves hurled into the flaming battle of Staraya Russa and that a ring of destruction was closing tighter around survivors of the smashed German 16th army.

DETAILS FROM LONDON

London, Feb. 26.—The 26,000-ton German battleships Scharnhorst and Gneisenau and the 10,000-ton heavy cruiser Prinz Eugen apparently have been knocked out of the war for some time to come, according to a naval review presented in the House of Commons today by First Lord of the Admiralty A. V. Alexander.

The two battleships which escaped from Brest, France, with the Prinz Eugen and ran a gauntlet of surface and aerial attack in Dover Strait and the entrance to the North Sea on Feb. 13, were severely damaged, it was said.

One now lies in dry dock at Kiel and the other in the dockyard at Wilhelmshaven. Their present whereabouts have been recorded by aerial reconnaissance, an official spokesman said.

The Prinz Eugen—or at least a cruiser of her class—was attacked by the British submarine Trident off the Norwegian coast on Feb. 23, an Admiralty communique said. A torpedo hit was scored.

"Aerial reconnaissance subsequently showed a ship of the Eugen class in Trondheim (Norwegian port) in tow of tugs and damaged aft," a spokesman said. "It seems probable that the ship

Girl's Slayer Is Remorseful After Night Behind Bars

Chicago, Feb. 26.—(AP)—Remorseful after a sleepless night in a police cell, Deborah 17-year-old Clarence McDonald, who confessed she killed and then killed his pretty young girl friend in a downtown theater, cried out today:

"I don't care what happens to me. I wish they would give me the electric chair. I have nothing to live for now."

Meanwhile prosecutors prepared to take the boy before the grand jury following a coroner's jury recommendation that he be held on a murder charge for Tuesday's fatal shooting of Miss Dorothy Broz, high school "All-American Girl", and honor student.

Prosecutor Wilbert Crowley said the lad would be given a swift trial and quoted him as saying:

"I was terrible jealous of her and afraid she'd never marry me, so I finally decided that if I couldn't have her I didn't want anyone else to have her," he declared.

Grand jury action was recommended by a coroner's jury which reached a murder verdict at an inquest thrown into momentary uproar when an uncle of the slain girl rushed past the youth's guards and struck him in the face.

Crowley quoted McDonald's replies to questioning about a motive thus:

"I admit I wasn't jealous of any one else in particular. She didn't have a lot of dates. But she was terribly popular at school. All the boys were after her."

"She told me about a year ago that we eventually could be married. But she said we would have to wait while she went to college. She said she planned to become a business secretary, too. After she did all these other things, she said, we could be married."

Police Captain Daniel Gilbert said McDonald signed a written confession, that he decided on Saturday to kill his brown-eyed sweetheart.

Motorist Discovers Fire in Home of Mrs. McCleary at Midnight

The residence of Mrs. J. M. McCleary, 516 North Galena avenue, was considerably damaged by fire, believed to have started in the basement by spontaneous combustion, at midnight last night. A fire department motorist driving through Dixon saw the flames in the basement, aroused the occupants of the house and summoned the fire department.

The flames burst through a cold air register to the main floor and set fire to some of the furniture and a window sill. Mrs. McCleary's home for many months has been the headquarters for the receipt and dispatch of Red Cross articles and a number of boxes of completed garments were burned while the entire stock was damaged by smoke. Fire Chief Sam Cramer today estimated the damage at about \$300, which he stated was covered by insurance.

Telegraph Ad Draws Record Crowd to Fred Eisle's Closing Sale

A record crowd was present at the Fred Eisle closing out sale at his farm three miles south of Dixon on state highway, route 26 Wednesday afternoon. More than 500 cars and trucks from a radius of 50 miles from Dixon carried stockmen and farmers to the sale, which attracted the largest attendance in this locality in recent years. The bidding was spirited and good prices were realized. J. W. Stephens, Frank Hewitt and Ira Rutt were the auctioneers and Robert Warner clerk of the sale. Mr. Eisle, who has discontinued farming, publicized his sale with a full page ad in the Evening Telegraph on Feb. 20.

Heavier Rails Being Laid Here by Central

Maintenance Foreman Frank Merlo of the Illinois Central at Amboy, with a large force of workmen, started relaying the main line tracks in the Dixon south yards today. New and much heavier steel was replacing the old track for the purpose of accommodating heavy rail traffic to and from the Green River Ordnance plant, one mile north of Amboy.

A large amount of material is being received by the Illinois Central to be used in strengthening the present rail lines between Dixon and Amboy and for the laying of several miles of track within the defense plant area. According to report Diesel-powered switch unit will be used exclusively with the in the Ordnance defense area instead of steam engines.

Moros' Leader Pledges 'Fight of Last' for America, Islands

Washington, Feb. 26.—(AP)—The war department reported today General Douglas MacArthur's troops in a surprise thrust forced back the Japanese several kilometers on the Philippine Bataan peninsula.

An 8:30 a. m. Central War Time communique said that fighting was still in progress with continued local successes.

A war department spokesman advised reporters to "make your

Recognition

Washington, Feb. 26.—(AP)—General MacArthur and his fighting forces won some special attention from congress today—they won't have to file income tax returns or make payments on March 15.

A joint senate-house conference approved a section of the omnibus bill repealing "pensions for congress" which Senator Walsh (D-Mass.) said was inserted for benefit of the fighting forces in the Philippines.

It provided that temporary relief from federal income tax laws "shall also apply to any person beleaguered or besieged by enemy forces" and Walsh said MacArthur and his men were the only group he knew about who could qualify under this.

The special provision was inserted in legislation granting the temporary tax relief to all persons captured or interned by the enemy, missing in action, or on distant duty with armed forces.

However, the returns and payments must be made when the war ends, or sooner if the exempted persons are able.

own interpretation" of the reversal inflicted on the Japanese in Bataan.

Four times in recent weeks the war department had advised that the Japanese were bringing up reinforcements and reforming their forces for a renewal of the series of full scale offensives which dwindled to inconclusive fighting a month ago.

The communique, Number 125, said:

"1. Philippine Theater:
In a surprise thrust General MacArthur's troops in Bataan attacked sharply all along the line, capturing a number of the enemy's advance positions. The attack was particularly successful on the right, where forward elements of the Japanese troops were forced to withdraw several kilometers. Fighting is still in progress with continued local success. However, the main positions

LaSalle Woman Is Indicted by Gov't.

Chicago, Feb. 26.—(AP)—Miss Josephine Belcher, for 15 years an employee of the LaSalle National Bank & Trust Company, LaSalle, Ill., was indicted by a federal grand jury today on charges of misapplying \$23,705 of the bank's funds.

A bench warrant for her arrest was issued by Judge Charles E. Woodward. Miss Belcher, 38 years old, was the bank's trust officer and assistant to the vice president. She lives at 519 Marquette street, LaSalle.

There were seven counts in the indictment, which was returned under the federal banking act and which, in addition to misapplication, included embezzlement.

\$2,750,000,000 Income Taxes for Uncle Sam Expected Before Mar. 16

Washington, Feb. 26.—(AP)—The treasury today looked forward to a record-breaking \$2,750,000,000 cash collection of income taxes next month.

The sum, more than double the collections of any previous single month in American history, was so large that officials mapped precautions against any upset to the nation's business arising from the concerted withdrawal of so much money from circulation.

Most of this money will be turned over to the treasury on one day, in fact—March 16, the last day for filing annual income tax returns. If usual proportions hold true, about half of the sum will come from corporations and about half from individuals. The rest

Air Raid Warning Proves Readiness of West Coasters

Washington, Feb. 26.—(AP)—Secretary Stimson said today that unidentified airplanes possibly as many as 15, which may have been operated by enemy agents, were over Los Angeles yesterday and were fired on by army anti-aircraft guns.

Stimson said the raid, described late yesterday by Secretary of the Navy Knox as a "false alarm," occurred between 3:12 and 4:15 a. m. Pacific War Time (1:12 and 6:15 CWT).

Anti-aircraft guns of the 37th Coast Artillery brigade fired 1,430 rounds of ammunition at the planes, which Stimson told a press conference were officially reported as flying at speeds ranging from "very slow," to 200 miles an hour, and at heights of 9,000 to 18,000 feet.

The planes dropped no bombs, Stimson said, there were no casualties among American troops, none of the planes was shot down, and no American army or navy planes were in action.

Investigation Continues

Since no bombs were dropped, Stimson said, it was possible that the planes might have come from commercial sources operated by enemy agents to spread alarm, disclose the location of anti-aircraft gun emplacements, and slow down war operations by causing blackouts.

The secretary said his information was contained in a report from General George C. Marshall, Army Chief of Staff, and apparently was based on reports to Marshall from army officials in California.

"My only comment," Stimson said, "is that perhaps it is better to be too alert than not alert enough."

Stimson said he had no explanation of the statement that neither army nor navy planes were in action, and he did not explain what was meant by "commercial sources."

Stimson said the army's investigation of the incident was continuing.

ANGELENOS ACT QUICKLY

Los Angeles, Feb. 26.—(AP)—False alarm or not, air raid warning sirens and anti-aircraft fire aroused 3,000,000 Angelenos into a convincing demonstration that west coast defenders can swing quickly into action.

More than 24 hours later, Angelenos today still wondered to what they owed the most spectacular fireworks display they've ever seen—anti-aircraft fire, tracer bullets, 30 giant searchlights piercing the dark.

Official statements were not of much help.

"Just a false alarm," comforted Secretary Knox from Washington. "There were no planes over Los Angeles; at least that's our understanding. None has been found and a very wide reconnaissance has been carried on."

With every army and navy source here silenced, the Fourth Army and Defense command re-

Washington, Feb. 26.—(AP)—Further use of rubber in production of women's corsets and girdles—and men's suspenders and garters—was definitely ruled out today for the duration.

The War Production Board said no more rubber would be available for the threat essential to such garments. The ruling, announced late yesterday, reinstated an earlier no-more-corsets order which had been modified to some extent last month.

Corsetiers promised they would do the best they could with the materials on hand, mentioning the possibility of employing knitted gussets in midlady's girdle.

Rangoon Set Afire

While British Imperial troops fought with their backs to the wall in a desperate attempt to save Rangoon, demolition squads started destroying vital installations. Black smoke rolled over the Burmese capital, and only charred ruins marked the site of a big oil refinery.

The German radio, quoting Tokyo dispatches, said that Rangoon was in flames and that Japanese troops were "before the gates" of the capital.

An RAF communique said 21 Japanese planes were shot down this morning in air battles over the Rangoon area.

The Netherlands East Indies, which also had used the scorched earth policy rigorously to minimize Japanese victories in outlying islands, were officially advised.

Nippon's Defeat in Year Predicted if Rate is Maintained

American Submarines in Action Account for Four Enemy Ships

By ROGER D. GREENE
Associated Press War Editor

American submarines smashing at Japan's sea-borne invasion armies were officially reported today to have torpedoed two enemy transports, an auxiliary ship and a freighter, even as Washington naval quarters predicted Japan's defeat within a year at the present rate of sea losses.

A bulletin from Dutch East Indies headquarters announced the attacks occurred within the past 48 hours.

In addition, a Japanese warship, one of a squadron, was listed as "presumed" hit. The attacking United States submarine was forced to dive before it could observe the effect of its torpedo.

A mid these allied counter punches, the Japanese invaders appeared to have overrun most of the lower Sumatra, across the 15 mile wide Sunda Strait from Java, and also advanced down the west coast of Dutch Borneo.

In the Philippines, a bulletin from Gen. Douglas MacArthur's headquarters reported that American and Filipino troops launched a surprise attack and hurled the Japanese back several kilometers on the Bataan peninsula.

74 Jap Ships Sunk

Speculation arose that heavy Japanese losses at sea may have forced Japan to divert shipping from the Philippines to support her multi-pointed attack against the Dutch East Indies, thus leaving Gen. Homma's armies without adequate military supplies to execute the long awaited major offensive against Gen. MacArthur's men.

For the first time in weeks, the communique also mentioned sporadic fighting on Mindanao island, 600 miles south of Bataan.

The new blows to Japan's sea power capped an official disclosure in Washington that since Dec. 10 a total of 74 Japanese ships had been sunk, seven more probably sunk and 33 damaged.

Despite fierce counter blows by allied planes, warships and submarines, official dispatches indicated that Japan was pressing her southward march of conquest and that "zero hour" was near in the battle for Java.

Dutch headquarters acknowledged that the invaders, striking down through lower Sumatra, had reached the narrow Sunda Strait directly across from Java.

An N. E. I. communique said Dutch naval forces bombed Japanese storage yards near Oosthaven, which is the Dutch name for the port of Telok Betong, on a bay at Sumatra's southern tip. Sunda Strait at that point is 50 miles wide.

Fighting Unabatedly Fierce

Japanese warplanes roared over Java itself in the seventh successive day of intensive attacks, bombing the great Soerabaya naval base and airdromes in western Java.

The Dutch communique also reported that fighting raged "with unabated fierceness" on the island of Celebes and acknowledged Japanese capture of Sinkang in western Borneo and the tin producing island of Bangka, off the east coast of lower Sumatra.

In the battle of Burma, a Reuters (British news agency) dispatch said fresh Chinese troops were streaming southward into the beleaguered British colony, ready to combat any Japanese thrust northward toward Mandalay, 375 miles above Rangoon.

London military quarters said advancing Chinese had already clashed with the Japanese in "patrol actions" in the northern Shan states of Burma.

Intercession For India Urged Upon State Department

Influential Senators in Move to Secure Britain's Pledge

BULLETIN

London, Feb. 26.—(AP)—The House of Commons will hold a debate shortly on Indian self government and Chinese-Indian collaboration, L. S. Amery, secretary of state for India, announced today.

Washington, Feb. 26.—(AP)—The state department is being pressed today to ask Great Britain for an immediate pledge of post-war self government for India.

Influential members of the senate foreign relations committee, it was learned, made the demand on Breckenridge Long, assistant secretary of state.

When the subject was raised by Senator LaFollette (Prog.-Wis.) during a closed committee session, yesterday, the recommendation was said to have had the active support of most of the eleven members present.

LaFollette was reported to have told Long that, in his opinion, a wholehearted war effort could be expected from India only if Great Britain gave definite assurances immediately that India would have actual self rule after the conflict ends. India now has a measure of local self government but her leaders have been seeking dominion status.

U. S. Apprehensive
(Lord Cranborne, colonial secretary, told the House of Lords in London Tuesday that the British government was "in favor of India's political freedom," but indicated it was the responsibility of Indian leaders to "devise some scheme which would be satisfactory" to all elements in India.)

Apprehensive over the continued advance of Japanese troops across Burma, LaFollette and others were said to have expressed the view that it was highly important that Indian and Chinese forces be united to form a defense line to halt the invaders and eventually to take the offensive against them.

There have been reports that some such objective was sought by Chiang Kai-Shek, Chinese Generalissimo, in his recent conferences with Mohandas K. Gandhi and other Indian leaders.

The significance of Chiang's subsequent appeal to Britain to give self rule to India was not lost on committee members, who were reported to have argued that the United States now had as much at stake in bringing India's manpower fully into the war as Great Britain.

MISSIONARIES SAFE

New York, Feb. 26.—(AP)—The Board of Missions and Church Extension of the Methodist church today announced the safe arrival at Batavia or Java of 28 Methodist missionaries evacuated from Singapore before that city fell to the Japanese.

The War Today!

By DEWITT MACKENZIE
Wide World War Analyst
(Telegraph Special Service)

Washington's action in rounding up enemy aliens and interning the dangerous element, as further evidenced in Attorney General Biddle's report, is a great battle won for our country, since there is in our midst a host of enemy agents such as played a large part in the downfall of unhappy France and other unwary democracies.

When enemy aliens have been smoked out, however, there still will remain at large another far greater group which daily is doing untold damage—the rumor-mongers and slanderers among our own people. Some of their work is deliberate and vicious, for they are the Quislings who side with the enemy. Some of it is due to adroitness which sops up idle war-gossip and axis propaganda and spews it out in public places.

Something goes wrong somewhere on the vast expanse of ocean which covers two-thirds of the earth's surface, and you hear a raucous voice squawk: "Where the hell's the American navy! Did the Japs sink it all!"

Well, where is our navy? Silently and without advertising, it's helping to police the Seven Seas, domination of which is essential to our victory.

Our navy is hunting down submarines off both our coasts, and keeping these sea-wolves from committing greater depredations than they already have achieved. It's extending protection clear down to our sister republics of South America. But why waste time arguing? Fifth columnists and Quislings will pop up with another insidious question and the rumor-mongers will start to bleat again.

Then we get the folk who constantly are slinging mud at our allies, thereby creating bad feeling and doing untold damage to morale. These people either have tongues which are loose at both ends, or are impelled by personal animosity. Here's a common

BACKACHE, LEG PAINS MAY BE DANGER SIGN
 Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Farm real estate prices in northern Illinois are 14 per cent higher than a year ago, announces Walter L. Rust, president of the Federal Land Bank of St. Louis. Rust's announcement is based on a special survey made by Federal Land bank appraisers and National Farm Loan associations. Reports were made on all farm real estate sales and not confined to Federal Land Bank and Commissioner sales, he explained.

The inflationary trend in the market prompted the Federal Land Bank president to warn farmers against bidding land up much above price levels at which it will yield a fair return on the basis of normal production and parity prices.

"Even though this increase does not bring the average of farm real estate prices up to the normal levels of 1910-14, the greater number of voluntary sales and greater activity of real estate dealers indicate the presence of certain inflationary factors that will bear watching," Rust said. "This is not a good time to be swayed into paying high prices that result in contracting a heavy debt load that will have to be repaid on the basis of normal prices. It would be both more patriotic and economically safe to invest surplus funds in Defense bonds and stamps than to make a 'shoe-string' investment in farm real estate. The Federal Land Bank's established policy of making loans on the basis of normal production and values is recognized as being this nation's most influential and courageous factor in price stability because it it tended to lift prices during the depression and will tend to deter run-away boom prices."

A check with A. A. Lauer, local National Farm Loan association secretary-treasurer at Oregon, shows that this association unit has only one farm for sale. The tract is 160 acres northwest of Mt. Morris.

Mr. and Mrs. Bradley Wolfe of Rockford were Sunday visitors at the home of Mrs. James Harahman.

Tuesday night West Brooklyn beat us 31-30 here. Friday night our first team defeated Ohio there 33-32 and our second team won 18-18. Our first squad was awarded the B. L. P. conference trophy. The grades went to Pearl City Friday and lost 19-16. They were guests at the annual grades banquet there and greatly enjoyed the event.

Lee Center will go to Byron Tuesday night to play in the district tournament. Enos Keithley of Dixon, field

commissioner of the Black Hawk area will put on a first aid drill Monday night of this week by his Boy Scout drill team for the Lee Center community troop.

High school and upper grade students will be given a tuberculosis test this week under the direction of Mrs. Lucey, state district nurse.

Church News

The pastor will answer the following questions in his sermon:

"What harm to me if I do sin?" "Is it possible to get rid of the harm that sin does?"

"Is a man better off by having sinned?" "Which is the more valuable through Eternity, salvation received in childhood or in old age?"

"Which would have the greater eternal joy?" "Which is the greater salvation, childhood salvation or old-age salvation?"

"Church night" will be held Sunday evening, March 1, with a 6:30 potluck supper, followed by a program.

Legion Auxiliary Notes

The February meeting of the Lee Center American Legion Auxiliary was held Tuesday evening, February 10 at the home of Mrs. Herbert Parker. After the routine business was transacted, June Kalsted, one of the junior mem-

bers, gave a brief report on the life of Francis Scott Key, author of the National Anthem. This report will give June another point on her five point program. Reports on other subjects by the remaining junior members will be given soon. The next meeting of the auxiliary will be an all day meeting on March 10 at the home of Esther Kalsted at which time carpet rags will be sewed. At the close of the meeting dainty refreshments were served by the hostess.

The Lee Center Legion Auxiliary is invited to a potluck dinner at noon Tuesday at the Amboy Legion hall, followed by a meeting of the Lee county auxiliary council. The Amboy Auxiliary will be hosts to the county.

STEP INTO THE PICTURE OF HEALTH!

The automatic water heater is a large factor in home defense. It provides hot water for cleanliness, an important part of good health—and it does this economically, without taking up your time. For more time, energy, and constant hot water, install an automatic gas storage water heater!

About the Appliances We Advertise Nowadays

The appliances we are now advertising are limited to those we have on hand, or those that are made available without interference with war production.

They have all been selected because their normal operation in the home comes at a time of day when our electrical facilities are more than adequate to meet present power requirements for both war production and civilian use.

Furthermore, we believe that their use in most cases will conserve energy and tend to release home labor for helpful war-time activities.

A Thought for Today

That Far Off War

The people of the United States are at war.
Right now they are losing the war. They say they
know their own continent is in danger of attack,
their own nation menaced. But do they know it?
Do they admit the possibility that one dark night
a bomb may drop on their children as they sleep,
that one fine day the Jap may come marching or
"filtering" down the street in front of their office?
Do they honestly tell themselves that they may have
to meet, personally, the physical dangers of war?
No, of course not. The war is still far off.
It is something happening to MacArthur's Magnifi-
cences on Bataan, to the doughty Dutch in the
Indies, to the fighting Russians and Chinese. Yes,
and to the bombed and beleaguered British.

In India last year and the year before the de-
bates in Calcutta and Bombay did not center on
the defense of India. Self-government was the main
subject. The amount of aid to be given Britain was
another. But the defense of India herself was not
seriously considered.

Now the Jap is next door. He is fighting in
Burma, more than two thousand miles from his
home islands—little more than two hundred
miles from the eastern fringes of India. Tokyo
talks to India of "India for Indians," but Indian
leaders well know that the Jap will come in and
bomb their babies and rob them of their riches if
he can do the job. They know it now. But they did
not know it last year.

In Australia last year and the year before the
debates in Canberra did not center on the defense
of Australia. Conscription and the amount of aid
to be given Britain were Parliament's main con-
cern. Defense of Australia was little more than a
rhetorical question.

Now the Jap is next door. He is fighting in
Timor, three thousand miles from his home islands
—and three hundred miles from northern Australia.
Tokyo has already promised to "Japanize" this is-
land continent. Australians have already been
bombed to death on their homeland. Australian
leaders know they must beat the Jap off
their island or see it become a Jap vassal. They

know it now. But they did not know it last year.
The lesson for the United States is plain:
Fight this war to the fullest right now. Whip
the potential invader while he is attempting to take
the far off lands of others. Failing that, be ready
to fight the enemy right here in America. Be ready
to meet the physical horrors of war face to face.
If the day comes, make sure we are ready—
more ready than India and Australia are today.

"Seriously Preparing . . ."

It is true we never see ourselves as others see
us. And thereby hangs some good news.

Americans, with their noses long buried deep
into the day-by-day reports of strikes, bottlenecks
and inefficiency bogging down the war production
machinery, apparently have been like the boy who
"couldn't see the forest for the trees."

A fresh perspective is supplied by the Nazi spy
trial in New York. Whereas most Americans have
been under the impression our war effort has
been tied up in a Gordian knot, a suspected spy
sent this information back to his fatherland:

"My journeys through the country (the United
States) have shown me that this beautiful country
is really in earnest. All the reports about internal
politics, disputes and 'bottlenecks,' etc., do not in
actual fact mean much. Everything is working to
the best possible means and, in spite of waste and
all sorts of stupidities, much is being achieved. The
government has the country entirely behind it and
is seriously preparing for war."

The letter wasn't written a week ago, nor a
month ago but—a year ago. It would be interest-
ing to see what sort of message a spy would be
sending today.

Steady!

Students of German psychological warfare, like
Arthur Upham Pope, chairman of the Committee
for National Morale, believe that German authori-
ties deliberately try to hold German emotions at a
level, avoiding too great exultation at victory, too
great depression at defeat. These violent shifts of
emotion are bad for a people, they believe.

We do not here seek to play upon the people
as upon an organ. But it is obvious that there is
something to the German contention. Now we are
going through a bitter time of disaster. It will not
do to be too greatly depressed, so that the tiniest
success appears a great victory. We must look at
this thing the long way, for it will be a long war.
We must grimly, relentlessly, prepare for the day
when we shall have our innings.

Contrast

With the Japanese battering at the gates of
the city, cars drew up to Singapore's famous Raffles
Hotel to discharge tea-dance guests, reporters say.
With the Japanese thousands of miles away,
and the scars of the Pearl Harbor attack largely
healed, the famous Royal Hawaiian Hotel at Hono-
lulu has been turned over to the Navy as a recrea-
tion center for sailors, Marines and soldiers.

This is not said critically. Britain has paid
and will pay sorely for the "long week-end" mind.
An end is being made to all that in the Empire, as
it has been ended in the British Isles themselves.

We must end it here, and there are signs that
we are ending it, before the price grows even higher
than the high price we have already paid.

MISS ANNA C. HANSEN

(Contributed by
Dr. Floyd L. Blewfield)

Miss Anna C. Hansen, daughter
of Hans and Christina Hansen, was
born in Copenhagen, Den-
mark, June 22, 1871. At the age
of two years, she came with her
parents to the United States, liv-
ing for two years in Michigan and
then coming to Lee County, Illi-
nois, where she spent the rest of
her life.

After a lingering illness, Miss
Hansen quietly slipped away to
her eternal rest on Sunday, Feb-
ruary 22, 1942, at the age of 70
years and eight months.

She lived a life of practical
godliness and, in these last days
particularly, one of wonderfully
brave endurance. Though a
great home body, she made many
friends in her day because, in her
quiet and unassuming way, she
was a friend to many. She loved
the simple and the beautiful things
in life and had within her soul that
peace which passeth understand-
ing. She did not fear death be-
cause she trusted God. Those of
us who watched her slowly travel
through "the valley of the shadow
of death" could not help but re-
cognize that she had an anchor
that kept her soul "steadfast and
sure though the billows roll." She
demonstrated in a wonderful way
the following words of an un-
known poet:

"He giveth more grace when the
burdens grow greater,
He sendeth more strength when
the labors increase;
To added affliction He addeth his
mercy,
To multiplied trials, His multi-
plied peace.

When we have exhausted our
store of endurance,
When our strength has failed ere
the day is half done,
When we reach the end of our
hoarded resources,
Our Father's full giving is only
begun.

His love has no limit, His grace
has no measure,
His power no boundary known
unto men;
For out of His infinite riches in
Jesus,
He giveth and giveth and giveth
again."

Miss Hansen leaves to mourn,
her two brothers, Frank of Chi-
cago and Dan of Pascagoula, Mis-
sissippi; also seven nieces, two
nephews and a host of other rela-
tives and friends. Her parents
and three sisters and four brothers
preceded her in death.

Funeral services were conducted
at the First Methodist church of
Dixon, at 2:00 p. m., Wednesday,
February 25th, in charge of the
pastor, Dr. Floyd L. Blewfield.
Crawford Thomas was at the or-
gan and Mrs. Crawford Thomas
and Mrs. Myrtle George sang two
numbers. Burial took place in
Oakwood cemetery.

NEWS
BEHIND
THE NEWS

By PAUL MALLON

(Distributed by King Features
Syndicate, Inc., reproduction
in whole or in part strictly
prohibited.)

Washington, Feb. 26—Follow
action by Roosevelt will hit hard-
er than his carefully balanced
chat.

His promise that interference
with production by small outlying
labor groups will no longer be tol-
erated may shortly be implement-
ed by an executive order or by in-
structions to the groping war la-
bor board.

His proposal to seize the off-
ensive "soon" may bring visible de-
velopments "sooner" than you
think. Churchill has been talking
about next year (a line which
could have been designed to de-
ceive the enemy even if earlier ac-
tion were planned). But the old
theory that we could not move
until we had overall superiority
over the enemy in total numbers
of planes and tanks has rapidly
shriveled in the face of later war
developments.

All the superiority you seem to
need is at the point of contact.
General mass superiority of air or
land forces is no guarantee of
anything, especially if spread all
the way around the world. The
problem is to pick out the weak-
est spot of the enemy and hit it
with more planes and tanks than
he can get to that spot.

The new Roosevelt pronoun-
cement on its face espoused this ba-
sic offensive principle. The hint
gains further weight when you
consider that the president's char-
acter is anything but defensive in
nature.

The fireside message will be
further implemented by an earth-
quaking shake-down in the war
department, and a slighter tremor
in the navy. Coming also is a con-
gressional movement to eliminate
waste in expenditures, supple-
mented by White House aid at
least to the announced extent of
consolidating the many housing
units, transfer of unneeded federal
employees to defense efforts, and
such.

The war department reorganiza-
tion is being conducted as
quietly as if this heartening news
was a military secret. Excuse is
that details were not completed.
You may be sure however, that it
is not a minor matter or a make-
shift for publicity purposes. It is
real and deep.

The waste-elimination drive is
being organized by a southern sen-
ator. So far tongue-wagging has
been the only action noticeable on
the subject. True, Senator Tyd-
dings has received senate authori-
ty to investigate transfer of non-
defense workers to defense and
has sent out a questionnaire to all
government units.

But the chance for real action
will come when the billion dollar
independent offices appropriation
bill comes before the senate. It
carries funds for a swarm of mis-
cellaneous non-essential agencies
next year.

Officials here are
strangely timid in talking about
offensive military action, probab-
ly because some people of this
country are, to some extent, still
defense-minded. That is natural.
Our whole diplomatic and political

policy, built up since the last war,
has been solely defensive in char-
acter.

The average American wants
only to defend his own home and
shore. We covet nothing beyond.
Even now our diplomatic policy is
top-heavy weighted with the no-
tion of hemisphere defense—the
idea of drawing a line in the ocean
and saying:

"So far will we defend."
We called our re-armament
program a "defense" program and
even today the war bonds with
which the treasury is financing the
war effort are called "defense
bonds".

Britain's defense complex,
which has been stronger than
ours, has practically immobilized
her large army at home for the
20 months since Dunkirk.

Evidence is accumulating that
this is Hitler's chief reliance.
From his initial venture into the
Rhineland, he has depended upon
the instinct of each democratic
nation for defense only. His
shrewdest propaganda has been
directed toward fostering this in-
herent weakness among his en-
emies. With this implement, more
than armed might, he has made
them wait until he was ready to
bowl them over, one by one.

But the lessons of the Russian,
Malayan and Libyan campaigns
are now piling up on the expe-
rience of France to suggest the
only way to beat the blitz locally
of internationally is to counter-
attack.

The best way Russia could be
helped and Britain saved from in-
vasion, for example, might well be
for Britain to invade the continent
with our assistance. The best way
to relieve MacArthur might be to
slap Tokyo, or the Mikado's weak-
est spot.

If you allow the axis the ad-
vantage of initiative, recent his-
tory certainly suggests you will
find yourself eventually facing su-
perior forces at your own weakest
point, not theirs.

three grandchildren and one
great grandchild.

HERMAN MAROHN

(Telegraph Special Service)
Rochelle, Feb. 26.—Herman Ma-
rohn, 62, of near Lindenwood, died
at the home of his brother, Frank,
with whom he resided, Wednesday
afternoon, death being the result
of injuries he received at about 1
o'clock while falling a tree. An in-
quest, conducted by Coroner J. C.
Akins of Forreston at the Dea
home for funerals here this morn-
ing, resulted in a verdict of acci-
dental death.

Funeral services will be held at
the brothers' home at 2:30 o'clock
Friday afternoon, the Rev. Mr.
Schildberg of Lindenwood offi-
ciating.

Mr. Marohn was born in Lynn
township Aug. 1, 1879, the son of
Andrew and Mary Marohn.

Legion Auxiliary—Sunday,
March 15, was the date chosen
for the annual Legion Birthday
banquet, at last evening's meeting
for the American Legion Auxil-
iary. The banquet will be served
at 6:30 o'clock in the Legion hall,
and is to be followed by a special
program.

The unit has purchased outfit-
flannel, to be made into articles
for Hines hospital. An American
flag will be presented to the Man-
ion school, district No. 13, and de-
fense bonds are to be purchased.

A birthday cake was presented
to Mrs. Mary (Grandma) Arn-
ould, one of the unit's oldest mem-
bers. Mrs. Sophie Clark, sergeant
at arms, made the presentation in

BOOK STORESERIAL STORY
KINGS ROW

BY HENRY BELLAMANN

MIXED EMOTIONS

CHAPTER XIV

DR. TOWER smiled again.
"What are your plans for—
later, Parris? After Vienna?"

"I want to be a doctor out at
the asylum."

"Here—in Kings Row?"

"Yes, sir."

"What put that idea into your
head?"

"A man who works on our
place."

"Indeed, you seem to have a
number of influences."

Parris related the story of Lucy
Carr and her death, and explained
the way he had felt, even at the
outset of his acquaintance with
her, that there should be some
way to seize her fitting mind and
hold it still.

"And there's another thing, too
—somebody else."

Parris told Dr. Tower of Benny
Singer and of old Tom Carr's
theories about curing him, or at
least helping him. He finished,
a little disconcerted by Dr. Tower's
silence. The doctor pushed the
papers aside.

"You ought to be a fine doctor.
There's just one thing I feel a
little dubious about."

Parris waited.

"It's your idea of coming back
here to Kings Row."

"Well, from Carr was the first
one to suggest it, and then I kind
of mentioned it to my grand-
mother, and she spoke right away
to Colonel Skeffington, and he
spoke to Dr. Nolan out at the
asylum."

Dr. Tower laughed once more.

"Young eagles should nest far
from home. Ever hear that?"

"No, sir."

"It's a good saying. There's a
curious rivalry between the old
and the young. It's everywhere,
but it's keener, and it's more ruth-
less and more cruel in the home
nest, so to speak."

HE had seen Cassandra several
times this year—"whenever
she could slip away," as she said.
He had never felt any unease of
conscience about it. Those meet-
ings with Cassandra were in a
world apart.

Cassandra! He could not pre-
cisely say to himself how he felt
about her. He knew exactly how
he felt about Renee—still. He
knew how he felt about Drake,
and almost anyone he knew well.
But, Cassie. That was a different
relationship.

Just now he was once more
aware of the disastrous conse-
quences that might follow if Dr.
Tower so much as suspected any-

thing. There was a quality of
threat about the man that was not
comfortable to contemplate.

PARRIS hurried toward home.

He was nearly at the end of
Federal street when Drake over-
took him.

"Hop in. I'll drive you home.
I got something for you."

"Oh," Parris' exclamation was
dull and disinterested.

"Is that the way you receive a
note from your sweetheart?"

Parris read the few lines hur-
riedly. "She wants to see me at
your house tonight."

"Don't you want to?"

"I just can't see her tonight."

"What's the matter with that
gal, anyhow?"

"She's just—well, strange.
Drake, Cassie—gee, I feel terrible
talking about her like this. You
know I wouldn't to anybody else.
But she frightens me, sometimes.
She's so—intense."

"I know."

"She's pretty swell, Drake."

"Maybe a little crazy. Like her
old man. Else why would he try
to keep her locked up at home like
he does?"

Parris thinned his lips. "He's
not crazy, Drake. He's more in-
telligent than all of Aberdeen Col-
lege put together."

"All the same, there's something
pretty funny about that house.
And old Cass—you just now said
yourself . . ."

"All right, all right. But I can't
see her tonight. And I haven't got
any way to let her know."

"I'll just tell her you couldn't
come."

"It's my grandmother I'm wor-
ried about, Drake."

"Well, you're not her doctor—
not yet."

Anna listened carefully to Par-
ris. She controlled her face and
answered him calmly, remember-
ing Madame's warning.

"To tell you the truth, Parris,
Madame did see Dr. Ladd."

"Consultation?"

"Yes, Dr. Gordon thought she
ought, too. There's no use deny-
ing she ain't been so well, but
she's better. Don't you think she
looks better?"

"No."

"Madame's not so young, Parris,
and little things get wrong with
you when you get older. But you
shouldn't worry now."

Lieutenant Habecker Claims California Girl as Bride

The Upland Methodist church in California, the Cathedral of the Foothills, was the scene of a brilliant military wedding Sunday afternoon, Feb. 8, when Miss Ann Adams, daughter of Mr. and Mrs. Paul Adams of Red Hill, Cucamonga, became the bride of Lieut. John Christian Habecker of Gardner Field, Taft, Calif., whose parents are Dr. and Mrs. I. N. Habecker of 516 Ottawa avenue, this city.

For the nuptial ceremony, an all-white arrangement of stock and tulips decorated the chancel and altar of the sanctuary. Tall white candelabra contained white cathedral candles.

The single ring ceremony was performed at 4 o'clock by the Rev. Rex E. Lawhead, pastor of the Upland Presbyterian church. A 20-minute organ recital by Mrs. Earl H. Johnson, preceded the ceremony, and Mrs. Archie J. Neilson, accompanied by Mrs. Johnson, sang, "Because," (D. Hardelot). Mrs. Johnson played the "Bridal Chorus" from Wagner's "Lohengrin" as the processional, and during the ceremony, she played softly "Love's Old Sweet Song."

White Marquisette
The bride walked with her father, who gave her in marriage. She was attired in a gown of white marquisette, fashioned with a long train. Her fingertip veil of sheer net was held to her coiffure by clusters of orange blossoms, and her only jewelry, a strand of pearls, was a gift from the bridegroom. She carried an all-white bouquet of tulips and orchids.

Attending the bride as matron of honor was Mrs. Hugh A. Griffith, wearing a gown of chartreuse erpe and carrying daffodils. The three bridesmaids were Mrs. Harold Banks of Los Angeles, Miss Betty Thompson of Chicago, a Pomona college student, and Miss Exie Jean Stevens. They wore identical gowns of white marquisette, with chartreuse picture hats. Their bouquets contained daffodils.

Lieut. George Zethren of Sacramento served Jack as best man. Ushers were five former classmates of the bridegroom at the United States Military Academy at West Point, N. Y., including Lieuts. Hugh Griffith, Jr., of Upland, Carl Holstein of Sacramento, Philip Myers of Oxnard, and Walter E. Difford of Gardner Field. For the recessional, Mrs. Johnson played the Mendelssohn Wedding March, and in keeping with the traditional military custom, Jack and his bride passed beneath an arch formed by the crossed swords of the ushers, as they left the church.

Reception
A reception for 225 guests was held at the Red Hill Country club, where Mrs. Adams received in a gray gown and purple hat, accented by a shoulder corsage of violets. Mrs. Habecker, mother of the bridegroom, wore blue lace with matching accessories, and a corsage of orchids.

Among those presiding at the refreshment table during the first hour were Mrs. Ella Pendergast of Carpentaria, grandmother of the bride, and Mrs. H. H. Garner

De Molay Honors

Bernard Frazer, Jr.

Announcement of an outstanding honor that has been received by the chapter's newly-installed senior counselor, Bernard Frazer, Jr., was made at the annual Founders' Day banquet of Dixon chapter, Order of DeMolay last evening at Brinton Memorial Masonic temple. Bernard, a Dixon high school senior, has received a Representative DeMolay medal, a recognition given only to DeMolays of outstanding accomplishments. He is a son of the senior B. J. Frazer of 515 East Fellows.

O. E. S. CLUB ANNOUNCES GUEST DAY LUNCHEON

Members of the O. E. S. Parlor club are planning a scramble luncheon and Guest Day party for Monday in the Masonic temple. Those attending are asked to bring sandwiches and a dish to share. Hostesses for the afternoon include Mrs. John Naylor, Mrs. Claude Calder, Mrs. Ralph Clark, Mrs. Robert Dupuy, and Mrs. Ralph Zarger.

PRE-NUPITAL PARTY
The Misses Virginia Wombwell and Donna Welch were entertaining Monday evening with a variety shower, complimenting Miss Phyllis Solt of Pearl City. Miss Solt's marriage to Leon Sitter of Dixon is to be solemnized Friday evening at the First Baptist church.

Tables were placed for bunco at the Welch home, with Miss Thelma Wombwell and Mrs. Alice Stahl receiving favors. Pink and white appointments trimmed the refreshment table, seating 12.

GUEST SPEAKER

Mrs. Magda Glatzer, art chairman of the Dixon Woman's club, is to be guest speaker for a joint meeting of the Senior and Junior Women's club of Amboy, Monday evening at Pankhurst Memorial library. Mrs. Glatzer's subject will be "Enchanted Gardens of Design." Mr. and Mrs. Jack Paul Swartz will present special music.

De Molay Banquet Is Attended By About 200 Guests

Royal D. Bray of Lanark, district deputy grand master, 24th district, Ancient Free and Accepted Masons, State of Illinois, was a distinguished guest at the annual Founders' Day banquet of Dixon chapter, Order of DeMolay, last evening at Brinton Memorial Masonic temple.

Covers for approximately 200 guests were arranged at long tables, appointed in patriotic red, white and blue. Fifteen DeMolay mothers, headed by Mrs. Vern Tennant, served the banquet. Mrs. Tennant's son, Robert, is master counselor of the chapter.

In a short talk, following the banquet, Mr. Bray compared the fellowship of Masonry to the fellowship of people living under the democratic form of government, and spoke of the necessity for unity of people in this country in the present crisis.

Mr. Bray's remarks were preceded by presentation of meritorious awards for one or more of 15 activities in the chapter to the following: Bernard Frazer, Harold Mick, Roger Chapman, William Haeffiger, Fred Sanford, Vernon Stein, Robert Tennant, and Jo Van Meter. Daniel McKenney, chairman of the advisory council, announced the awarding of a Representative De Molay medal to Bernard Frazer, Jr.

H. W. Thomson, member of the advisory council, spoke briefly, and gave the names and location of Dixon DeMolays who are now "men of the hour." Mrs. Myrtle Bishop entertained with piano music during the banquet.

A Los Angeles baker often makes the "bricks" used in movie scenes. They are made of bread to prevent injuries to players.

Lieutenant Habecker and His Bride

—Telegraph Engraving

Pictured above, following their military wedding Sunday afternoon, Feb. 8, at Little Cathedral of the Foothills in Upland, Calif., are Lieut. John C. Habecker and his bride, the former Miss Ann Adams, daughter of Mr. and Mrs. Paul Adams of Red Hill, Calif. Because of army orders, Lieutenant and Mrs. Habecker had only a brief wedding trip, and are now at home at Gardner Field, Taft, Calif., where the young bridegroom is commander of cadets. Dr. and Mrs. I. N. Habecker of this city, parents of the bridegroom, were among out of town guests attending the wedding.

JUNIOR CLUBWOMEN ARE CO-HOSTESSES

First of a series of public bingo parties was held last evening at the Elks club house, with members of the Junior Woman's club acting as hostesses. More than 200 guests turned out for the event.

Miss Glea Rutherford was general chairman of the hostess committee. Refreshments were served by young women of the house committee.

Plans for a similar party will be announced soon.

FIFTIETH YEAR

Oregon friends of the Rev. and Mrs. George B. Draper of Crystal Lake, formerly of Oregon, have received invitations for the couple's golden wedding anniversary, to be celebrated on Sunday, March 8, at the Methodist parsonage in Crystal Lake, 44 North Williams street. Open house will be held from 2 until 5 p. m., and from 7 to 9 o'clock in the evening.

Mr. Draper formerly served as pastor of Oregon's Methodist church for five years.

FROM TEXAS

Mr. and Mrs. Monte M. Miller and their party returned last evening from a motor trip to San Antonio, Tex., where they visited the Millers' son, Cadet Warren Miller, at Randolph Field. Accompanying the Millers south were their younger son, Monte, Jr., Warren's fiancée, Miss Doris Edwards of Chicago, and Mr. and Mrs. George Jaeger of Peoria.

Warren, a former Beloit college student, has been stationed at Randolph Field for the past five weeks.

Lee Center Pair Is Wed 55 Years

Mr. and Mrs. Fred Meyer were entertaining at their home in Lee Center on Sunday, honoring their fifty-fifth wedding anniversary. The couple have resided in Lee Center for the past 15 years.

Two tables were decorated for the anniversary dinner at noon. A large wedding cake was the centerpiece on one of the tables.

Gifts received by the couple included flowers, greeting cards, and a sum of money. Those attending were:

Mr. and Mrs. Jacob Heinzerth and children Betty and Wayne of Rockford, Mr. and Mrs. Kenneth Heinzerth of Pecatonica, Mr. and Mrs. Walter Graton of Gridley, Mrs. Belle Dodson and daughters Mary Evelyn and Donna Jean, Mr. and Mrs. Charles Muhl and daughter Carol Ann of Bloomington, Mr. and Mrs. Fred Meyer of Chicago, Mr. and Mrs. Oscar Wood, Mr. and Mrs. Ray Meyer, Mrs. Mable Painter and daughter Ruth of Elgin, Mr. and Mrs. Dale Painter of Lockport, Mr. and Mrs. Ralph Haefner and children Melvin and Norma Jean, and Mr. and Mrs. Allen Heinzerth of West Brookline.

During the afternoon, a number of pictures were taken. Mr. and Mrs. Meyer are the parents of seven daughters and two sons. A grandson, Fred Heinzerth, is in training at Sheppard's Field, Texas, and could not be present.

Signe Larsen Becomes Bride of William Eber

Miss Signe Larsen, daughter of Mr. and Mrs. Lars Larsen of Steward, became the bride of William F. Eber, Jr., son of W. F. Eber of Rochelle, Saturday afternoon at the home of the bride's parents. The Rev. H. B. Morris, pastor of the Steward Methodist church, heard the nuptial vows at 1:30 o'clock.

Miss Maribeth Eber was maid of honor for her brother's bride, and Henry Larsen of Chicago was best man for his sister's bridegroom.

The bride wore a navy blue redingote, with a shoulder bouquet of white freesias. Miss Eber chose a rose-colored dress, with a corsage of white carnations and pink gladioli.

Fifteen guests were entertained at a wedding dinner at the Larsen home, following the ceremony. Yellow and white appointments were used in the dining room.

After a wedding trip to Milwaukee, the couple will return to Rochelle to reside temporarily. Later, they will move to Rockford, where the bridegroom is employed by the Barber-Coleman company.

Mrs. Eber attended Steward high school and Dickinson Secretarial school. Mr. Eber was graduated from Rochelle high school and attended the University of Illinois.

BIRTHDAY DINNER

Mrs. Freda Hatch celebrated her birthday anniversary last evening at dinner at the Forrest Shawger home.

RETORT... yesterday we mentioned something in this space about Banty Ringer's present blooming daisies... and then ad-libbed with a bright remark about mushrooms... well Banty came right back today and confirmed our wisecrack by letting us know that he does have mushrooms growing in his basement... we could say something about frog-legs but we won't for that might really stop him...

IT'S STILL OUT... It's fun to have your neck out when nobody can step on it... yesterday our advice was to lay your "shekels" on Paw Paw and Steward in the Franklin Tourney... well we toldja' so, for Steward won over Ohio last night... although the Ohio boys did stage a beaut of a rally in the last half... so tonight it's Steward again over Earlville... and Paw Paw in an easy "go" with Rollo... and we'll stick to Steward in the finals if she comes through tonight.

BRANCHING OUT... this Telegraph sure does get around... we got a suggestion for our Column's name today from Lowell "Babe" Martin... stationed at Camp Crowder with the Signal Corps... Babe suggests we call it "The Fan's Chatter"... it might make a pretty good "moniker".

SHANNON TOURNEY... in the Shannon District Tourney last night the host team dumped Elizabeth 36 to 21 and Hanover defeated E. Dubuque 43 to 31... this completed their first round... tonight in the semi-finals Mill-edgewill meets Chadwick and Elizabeth will take on Hanover.

STEWARD IN HIGH GEAR AS SHE ROLLS OVER OHIO CAGERS

Earlville Wins Over Lee After Close First Half

GAMES LAST NIGHT
Steward 49, Ohio 24.
Earlville 44, Lee 33.
GAMES TONIGHT
Semi-Finals
7:30 p. m.—Paw Paw and Rollo.
8:30 p. m.—Steward and Earlville.

The first round of the District Tourney at Franklin Grove was finished last night as Steward turned back Ohio 49 to 24 and Earlville defeated Lee 44 to 33. Tonight the tourney goes into its semi-finals with Paw Paw and Rollo slated to start the ball rolling at 7:30 p. m. and Steward and Earlville in the second game which gets underway at 8:30 p. m.

Steward and Ohio
The Steward varsity poured the heat on Ohio last night as she rolled up an invincible margin in the first half and got in a little rest in the second as she coasted to a win. Steward outscored the Ohioans in the first frame 17 to 4, held them to one point in the second as she added 24 more which gave Coach Stenbach's cagers a halftime margin of 41 to 5. Ohio outscored Steward in both cantos of the second half, 5 to 4 and 14 to 4, but this late game rally was far, far short from being effective.

Anderson, Steward forward, rolled up 16 points to pace his mates and Sisler, Ohio's Sophomore guard, led the losers with 10 tallies.

Earlville and Lee
Earlville and Lee played an even-up first half but the Earlville boys were just too much for Lee in the second and walked off with a victory of 44 to 33.

Earlville took a first quarter lead of 10 to 8, but Lee came back to outscore her in the second period 8 to 6 which tied the game up at the half 16 to 16. In the third the Earlville five managed to get out in front with a 14 to 9 lead and Lee's attack in the fourth was ineffective as she garnered 8 points to that of 14 for Earlville which brought the final in favor of Earlville to 44 to 33.

Pohl and Marshall, Earlville guards, each scored 15 points to lead the winners and Prestegard, Lee pivot-man, rang up 13 tallies to lead his mates.

Semi-Finals in the LaMoille District to Start Tonight

The first round of the LaMoille district tournament was completed last night. LaMoille defeated Bureau Township 50 to 10 and Maiden won over Bureau Junction 24 to 17. Tonight in the semi-finals Tiskilwa will be playing Wyanet and LaMoille will face Maiden.

LaMoille and Bureau Township
LaMoille started with the first whistle last night to completely snow under all of Bureau Township's Tourney hopes. LaMoille commanded a first quarter lead of 12 to 3 and increased it in the second by 15 tallies while she held Township to nothing, this favored LaMoille at the half 27 to 3. LaMoille went on with her bewildering campaign in the third and fourth by margin of 12 to 2 and 11 to 5 respectively.

Templeton, LaMoille guard, paced the victors with 10 counters and J. Erickson led the losers with 4 points.

Maiden and Bureau Junction.
Maiden with an unrelenting early game lead over Bureau Junction let it go as she earned her right to play in the semi-finals tonight against LaMoille. Maiden led at the quarter 7 to 4 and rolled up 6 tallies as she held Junction to two points. She duplicated the procedure in the third as she hit 6 more and let only 2 slip through, Bureau Junction rallied in the fourth and outscored Maiden 9 to 5 but it was short of even making the game interesting in the closing seconds. Maiden won on the count of 24 to 17.

Sorristall, Maiden center, was high scorer with 8 points. D. Hassler, center, led the Junction team with 7 points.

Classic League at Dixon Recreation In Session Last Eve

First Place Boynton's Hold First; Shuck's Hang Onto Second

The Classic League took up its weekly session last night at the Dixon Recreation alleys and the old first-place standby, Boynton-Richards, increased its margin by winning three straight from the Wilbur Lumber Co. Schroeder rolled high for the Clothiers with a series of 587. Senneff was high for the Lumber team with 517.

The Shuck Grocers easily held their second-place standing by taking two from the Welch and Brader outfit. In doing so the Grocers rolled the high team series for the evening with a 2933 and also the high team game for the evening with a 1009. F. Smith led the Grocers' victory with a 569 and Ransome paced the losers with 494.

Williams DeSoto team, even though dropping two to the Knack's White Owls, managed to hold a respectable margin on third place. Wolfe knocked over the high number of pins for the DeSoto crew with 526 and W. Klein perched on high for the Owls with 559.

The fourth-place Old Style Lager team rolled a little closer to the third-place DeSoto outfit as they defeated the I. N. U. Co. two games. Their margin of victory was hardly perceptible for the Lager's total was 2666 to that of 2665 for the I. N. U. Tilton led the Lager lads with 492 and Stuart fronted the Utilities with 464.

Welty's Pontiac team won two from Beiers Bread as Feber bowled the high count for the Pontiacs with 510 and R. McCordie with a 530 was high for the Beiers boys.

The Courthouse gang after losing a match to the Nachusa Wildcats in a free-lance affair last week was dumped in league play last night by the Bonded Gas & Oil team in two games. Bates bowled high score for the Oilers with 518 and Hartman supplied the most help to the Courthouse gang with 520.

The Family Liquor Store won two from Jay's Tavern and the third game ended in a tie at 912 but the Jay keggers won it in the play-off. F. Loescher was high scorer for the Family team with 541 and Beane bowled high for Jay's with 545.

The Gold Buckle Orange team won two from the United Cigar squad as Coulter paved the victory road with 445 and Fitzsimmons gave the most aid to the Cigar team with 505.

Weekly Food and Marketing Letter by Mrs. George Thurn for Dixon Telegraph Readers

"Eat More Fish" is a splendid theme at any season, and it is particularly appropriate just now with such subjects as Lent and Conservation uppermost in mind.

Easter, by the way, is early this year, coming the first Sunday in April, the 5th. Every homemaker will be doing her family a genuinely beneficial service by observing the complete Lenten calendar, which carries these dates: February 18, 20, 25, 27 and 28; March 4, 6, 11, 13, 18, 25, 27; April 3 and 4. In other words, plan to serve fish in some form at least twice a week.

Every day foods are taking on added importance in this time of national emergency. Each day the homemaker sees and hears new evidence of the oft-repeated words: "Food will win the war—and write the peace."

Unique at this time is the two-fold contribution that is being made by the American commercial fishing industry. Besides supplying one of the most beautiful and economical foods, the U. S. fisheries are constantly giving up more and more of their fishing vessels, which the Navy has found inval-

uable as mine-sweepers and mine-layers.

Here is a strange contradiction: A food industry actually supplying the weapons of war. However it is no mystery to commercial fishermen, who know that to bring in the fish sold in retail markets, they must operate from boats that will stand up in rough weather at all seasons. The Navy was quick to recognize this sturdy worth and looks upon the hardy fishing trawlers as the second line of defense.

In the last war, great emphasis was placed on fish by the government food administrator. A popular slogan was:

"Eat Fish—They Feed Them-selves."

Federal nutrition experts have been steadily emphasizing the con-

tribution of fish and shellfish, pointing out that fishery products should be used freely as a main source of protein, or as a supplementary protein, to balance the deficiencies of less nutritive proteins which may be included in the average dietary.

At the same time, government authorities deplore the fact that this country never has fully utilized its lavish supply of water foods, sometimes termed the richest reservoir of fish the world knows. In spite of this abundance, estimates show that this country uses the lowest amount of fish per person of all the major maritime nations.

The U. S. Fish and Wildlife Service, Department of the Interior, reports that while fish consumption in some nations runs to 100 pounds eaten by each inhabitant in a year, the figure for the United States is only 13 pounds per person annually. Scandinavian people are enthusiastic fish eaters, Sweden leading with a mark of 52; Norway next with 44, while Denmark's record is 39 pounds. Japan heads the list with 100. In Great Britain fish eaters predominate and 35 pounds per capita per year is the record, while in Canada the estimate is 29, or more than twice the average in the United States.

America's low fish consumption is doubly surprising, considering that this food is an inexpensive source of rich health values. Another argument is variety, for the official roll-call shows 180 different kinds of edible fish and shellfish, many of which are overlooked by the average homemaker.

As stated, fish is a source of complete proteins. Further analysis proves that fish excels in vitamins A and D, and is a source of minerals in seafoods and iron, calcium, magnesium, phosphorus and copper also are present.

It is true that the Navy's requisitioning of fishing vessels and consequent reduction in the supply of some fish has raised prices over one year ago, but seafood still can be pronounced an economical buy. Fish fits the budget with ease when the homemaker keenly watches market reports for news of the seasonal supply. "The best fish" is the fish in season, for quality and quantity usually go hand in hand, and also are an index of reasonable cost.

The kingfish usually is an economical buy during the winter months, when it is caught by commercial fishermen in southern waters. The kingfish is a real regal member of the mackerel family and is a fine seafood that makes up for the seasonal scarcity of fresh native mackerel during the winter.

Broiling is recommended for fish, whenever possible, and it is particularly suited to the king fish, or king mackerel, which requires very little preparation to provide a dinner treat. It is very attractive broiled in a glass pie dish, so that it may be served piping hot, directly from the oven. Prepare it this way:

Broiled King Mackerel

Split fish. Brush flesh side with melted shortening; season with salt and pepper. Place in an open baking dish under a high flame until fish starts to brown. Lower flame and cook until almost tender. Turn, brush with melted shortening and season. Place under high flame until skin browns. Brush liberally with melted butter, or mixture of melted butter and lemon juice.

Fresh Frozen Fish

Food experts acknowledge the high nutritive value of fresh frozen fish. This product is making an added contribution by stabilizing seafood prices when supplies of fresh fish are light. Tremendous strides have been made in the freezing process, so that today fish often are frozen directly at the landing point, on the same day they are caught. This usually is the case when there is a very heavy supply of a particular variety; as already stated, this means that the chosen fish is at its peak in quality. Modern storage assures that the fresh frozen fish will keep that excellent condition for months, making it available to the public when the fresh supply of that variety is low.

"Only the finest specimens of the different varieties are selected for storage," declared one official recently. "In the modern storage plant freshness and flavor are retained and the fish lose nothing of nutritive value."

In the coming weeks, I shall send you Lenten recipes. Meanwhile, watch market reports. Explore the possibilities of fish that are new to you. Buy and serve fish regularly—for health, for variety, for conservation and for economy.

BODY BUILDERS

Cauliflower With Sauce

Care in cooking is particularly important if the cauliflower is to emerge creamy white and attractive in form. Like all vegetables, it loses flavor and valuable food elements as well as eye-appeal, when it is overcooked.

"Cook until just tender" is a safe rule. The favorite dressing for plain boiled cauliflower is melted butter or a mixture of butter and lemon juice. The butter may be browned lightly for flavor variety.

If you have difficulty cooking the whole cauliflower, try baking the separate flowers in a savory sauce, which will yield a more substantial dish, especially delicious for luncheon on a cool day.

Use a baking dish which can be transferred directly from oven to table for serving. Separate the flowers, trim as needed (reserving trimmings for the soup kettle), boil quickly in small amount of water until partly tender. Place in a buttered baking dish, cover with sauce, top with buttered crumbs and bake in moderate oven until just golden brown.

Cheese Sauce

2 tablespoons butter

2 tablespoons flour
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 teaspoon dry mustard
1 cup milk
1 cup grated cheese

Melt butter in small saucepan 1/2 teaspoon Worcestershire sauce and stir in flour and seasonings. When well blended, add milk slowly, stirring constantly over low heat until mixture thickens and boils. Finally stir in cheese and sauce, stirring over low heat only

until cheese melts. Yields 1 1/2 cups.

THEY DIDN'T VOTE

Washington, Feb. 26.—(AP)—Senators Lucas, Dem., and Brooks, Rep., from Illinois did not vote yesterday when the senate passed legislation forbidding the sale of government-held crop surpluses at prices below parity.

A pair of martins, observed throughout a single day, fed their young 300 times.

TIN CAN TOURISTS

Tampa, Fla., Feb. 26.—(AP)—J. E. Suprenant, a farmer from Manteno, Ill., was selected yesterday without opposition as the Royal Chief of the Tin Can Tourists of the World for the coming year. He succeeded R. C. Foster, Canton, Ohio, real estate broker.

Veto for Farm Bloc's Control Bill is Likely

Washington, Feb. 26—(AP)—The prediction of a presidential veto today tempered the smashing victory of the senate farm bloc in the dispute over prices for government-held surplus stocks of corn, wheat and cotton.

Senator Brown (D-Mich), leader of the group which sought to sustain President Roosevelt, forecast that if the house approved the senate restrictions on sales of government surpluses below full parity prices "it would run into a certain veto".

Secretary of Agriculture Wick-

ard meanwhile declared that desired increases in production of milk and dairy products were being retarded by growing labor shortages and by increases in the price of feed grains. Agriculture officials said congressional pressure for the price blocking legislation had tended to raise feed costs.

About 5,000 American bison remain in the U. S. and Alaska, according to an estimate of the bureau of biological survey.

In 1939, North Dakota's accident death rate of 48 per 100,000 of the population was the lowest in the United States.

Get the FULL FLAVOR of these wonderful Chocolate Orange Crunchies

MAKE 'EM WITH PURER SPRY. YOU'LL TASTE THE DIFFERENCE

SAYS AUNT JENNY

"YES SIR, Spry makes a world of difference, to my way of thinkin'! Ordinary shortenin's may smother the taste of the other ingredients but purer Spry lets their FULL rich flavor come through. You'll be crazy about these cookies an' about Spry cakes an' pies an' fried foods, too. Do all your bakin' an' fryin' with Spry an' hear the compliments on your cookin'."

Chocolate Orange Crunchies
1 cup Spry 1 egg, unbeaten
1 1/2 teaspoons salt 2 cups sifted flour
1 tablespoon grated orange rind 1/4 teaspoon soda
3 tablespoons orange juice 1/2 cup nuts, chopped
1/2 cup brown sugar (or white) sugar, firmly packed 1 seven- or eight-ounce bar semi-sweet chocolate, cut in pieces
Blend Spry, salt, rind and juice. Add sugar gradually and cream

well. (Done so quickly with Spry. It's triple-creamed for easier mixing.) Add egg and beat well. Sift flour with soda. Add to creamed mixture and mix thoroughly. Add nuts and chocolate and blend.
Drop from tablespoon on Spry-coated baking sheets. Let stand a few minutes, then flatten cookies by stamping with a glass covered with a damp cloth. Bake in moderate oven (375°F.) 12 to 15 minutes. Makes 4 dozen.

"I hope you'll make a Spry cake real soon, folks," says Aunt Jenny. "They are wonderful—lighter, tender, velvety an' just brimmin' with rich, FULL flavor. Remember, they save you money, too, for Spry costs just about half what expensive cake shortenin' does. That means you can have cake often, thanks to Spry. Won't your folks be tickled!"

Northern Illinois Finance Corp. Now in War Production

DeKalb Firm to Make Tank Tracks; Plans to Aid Auto Dealers

The Northern Illinois Finance Corp., of DeKalb, 29-year-old auto and general finance company with assets of over \$7,000,000, which has an office in Dixon, has changed its name to Northern Illinois Corporation and has obtained a government subcontract for more than \$20,000,000 worth of tank tracks. The former finance company also is active in organizing a plan, which if successful, will put many auto dealers to work making bullets and shells.

Behind this activity is Tom Courtney, president of Northern Illinois Corporation, who states that financial resources of his company are being used in creation of a new plant in leased quarters at North Fourth and Locust streets in DeKalb. The tank tracks will be made there. New equipment — heat-treating furnaces and many other items — to the tune of an estimated \$500,000 is being installed.

The tank track operation is expected to be going within eight to ten weeks, according to Mr. Courtney and initially 125 men will be employed. Later, around July 1, it is expected that this figure will be doubled.

About the plan for keeping the auto dealers going, this can be best told in Mr. Courtney's own words.

Tells of Pool Plans

"We also are attempting to form and believe that we have it practically accomplished, a pool consisting of all the dealers in northern Illinois who have the facilities that will make it possible to adapt themselves to the manufacturing of shell cores for the government on a single purpose machine that we intend to buy and furnish to the dealers," he said.

"We have received wonderful cooperation in furthering the plan from Thomas N. Wynne, acting manager of the contract distribution branch, division of industry operation. War Production Board as well as from all members of the Chicago Ordnance District.

"No discrimination is being made in this pool against dealers regardless of what kind of cars they have sold or regardless of whether they have done business with us. Our object in the matter is to make available to the government a facility that can produce shells in the shortest period of time and in the largest amounts possible.

Behind All-Out Effort

"We have definitely made up our minds that this country has done entirely too much wishful thinking and the time now has arrived for an all-out effort on the part of every type of business. We think we are proving that when a finance company goes to manufacturing, which certainly is a complete about-face."

Mr. Courtney added that "our one and only purpose for the whole effort is to win this war as quickly as it can be done," and he told of a slogan adopted in Northern Illinois:

"Help or Hell for a dealer in 30 minutes, based entirely on whether he is defense conscious."

Chicago WPB and ordnance officers, when interviewed on Mr. Courtney's proposal for aiding automobile dealers, said they were favorably impressed. Mr. Wynne said that the firm will have their full co-operation and he praised the plan as "one of the most constructive yet brought forth" for the conversion of dealers, parts makers and financial firms.

7,000 Turkey Eggs Put Into Mitchell Dixon Incubators

Tom Mitchell has moved his battery of large electric incubators from Byron to Dixon where they are now housed in the Hemmen building at 117 Peoria avenue and are in peak operation. Mitchell, who last year was the largest turkey raiser in Illinois, has been engaged in this business for the past 13 years and this season the hatchery business is being expanded materially with Roy Goethe as manager.

The first settings of turkey eggs are now in the incubators and consist of 7,000 eggs shipped to Dixon from northern California. Two shipments weekly are to be made during the hatching season, each consisting of from five to seven thousand eggs, all of the California bronze type of turkeys with which Mitchell has been most successful.

The large turkey farm west of Dixon will be the location of the Mitchell activities after the eggs have been hatched and are ready to range. He expects to develop the largest flock in his more than a dozen years of successful experience in turkey raising this season.

In addition to the hatching of turkey eggs, the Mitchell hatchery will specialize in chicks of the breeds best adapted to this locality, feeds, poultry remedies and poultry raiser's supplies, with 24 hour service being extended to the patrons.

Trial of Highway Officials Closing

Springfield, Ill., Feb. 26.—(AP)—The civil service trial of 41 Illinois highway officials and employees charged with violation of the Hatch anti-politics act in the 1940 election campaign neared an end after ten days today with federal attorneys seeking to prove the legislation's applicability to the defendants.

Attorneys for the defendants, among whom were Matthew J. Fleming, acting chief highway engineer, and Robert R. McLeod, chief auditor, contended the Hatch act did not apply to many of the accused whose work in the highway division was not directly connected with highway projects paid for wholly or partially with federal funds.

Civil Service Commission Examiner James V. Irwin has heard the testimony of many state employees that defendants contributed and

participated in the collection of two per cent salary donations for the former Democratic administration's 1940 political war chest.

McLeod was questioned today by Commission Attorney Lawrence V. Meloy on the highly complicated details of financing involved in the expenditure of \$45,131,000 in state and federal road funds for construction and maintenance in 1940.

Fleming was expected to testify later today or tomorrow.

Local Examination of Registrants Is Not Deemed Final

To correct a misunderstanding, Col. Paul G. Armstrong, state director of selective service, has pointed out that local board physical examinations of registrants should not be considered as final. These examinations, while reasonably thorough, are only preliminary check-ups for the purpose of discovering obvious disqualifying defects. Men who are considered borderline cases and those who have no obvious physical defects are certified for the complete and final physical examination which is given at army induction stations by doctors of the army medical corps.

In the near future each registrant reporting for a local board physical examination will be given a card explaining this fact, but the director wants the general public to know that the only complete and thorough physical examination, including X-ray and other scientific laboratory tests, which a registrant will receive, will be at the army induction station.

Because a man has been certified for this final type examination does not mean that he will be accepted and the fact that he was so certified should not in any way reflect upon the local board physicians, who are not charged with accepting or rejecting anyone except those having obvious defects.

Dixonites to Hear First Hand About Affairs in Burma

C. W. Van Patter, general superintendent of maintenance for the Keeshin Motor Express, Inc., of Chicago, who has had many months of experience in establishing a schedule of motor truck operations on the famous Burma Road, will give an account of his experiences at a dinner program to be held at the Dixon Elks club house Wednesday evening, March 4. His timely and interesting subject may be heard by any resident of Dixon and vicinity desiring to obtain tickets for the dinner and program to follow.

Chairman Victor Eichler today completed arrangements for the appearance of this experienced speaker in Dixon on this occasion, and he will be accompanied by H. M. Gordy, vice president and general manager of the Keeshin Co., of Chicago. The dinner will be served at 6:30 to be followed by the address.

Associated With Leader

Van Patter left Chicago Aug. 12, 1939 and travelled by plane to Hanoi, Indo-China, and then over the French narrow gauge railroad to Kunming and then on to Chungking. During the many months he served in China he became very closely associated with General Chiang Kai Shek. His duties while in China consisted of improving the Burma Road and organizing three new highway transportation systems to Russia, Indo-China and Burma.

Tickets for the dinner and address will be secured at the Villager pharmacy and Eichler Bros., store in the business district and the W. C. Jones grocery on Depot avenue. Those planning to enjoy this rare treat are urged to obtain reservations as early as possible as only a limited number can be accommodated. This feature is not confined to the Elks membership, but the general public will be permitted to attend the dinner and program.

Gary Cooper Seen as Years' Winner of Academy Award

By HUBBARD KEAVY

Hollywood, Feb. 26.—(AP)—It doesn't require a crystal ball to see Gary Cooper the winner of the big Academy award tonight, but anyone who'd try to guess the name of the best actress would be climbing 'way out on a limb.

Each year, the Academy of Motion Picture Arts and Sciences gives awards—gold plated statuettes dubbed Oscars—for outstanding work in all movie branches, from acting to cartooning.

It is the consensus that the lanky fellow's performance in "Sergeant York" will get a majority of his fellow workers' votes. There is scarcely a dissenting voice around town, a survey reveals.

But as for the actress: you can have your pick of the five nominated, Bette Davis is in the running, for "The Little Foxes", but many feel her two previous awards are a handicap.

Others Mentioned

Most frequently mentioned are Joan Fontaine, for "Suspicion", and Barbara Stanwyck for "Ball of Fire". A strong contender, however, is Fontaine's sister, Olivia de Havilland, whose performance in "Hold Back the Dawn" was meritorious. On the basis of personal popularity, which will be the determining factor with many of the 10,000 odd voters, it'll be either Stanwyck or De Havilland. Greer Garson, named for "Blossoms in the Dust", isn't given much of a chance.

Other actors nominated are Cary Grant, "Penny Serenade"; Walter Huston, "All That Money Can Buy"; Robert Montgomery, "Here Comes Mr. Jordan", and Orson Welles, "Citizen Kane". Montgomery and Welles appear to be Cooper's toughest competition.

38th Wedding Anniversary

Mr. and Mrs. Fred Grunderman celebrated their 38th wedding anniversary on Saturday, February 21. A very delicious supper was held in their honor and those attending the occasion were Miss Florence Grunderman and Richard Dempsey of Chicago; Miss Annabelle Voight and J. Edward Dirks and Mr. and Mrs. Earl Kaiser and family.

Pinocle Party

Tuesday evening Mr. and Mrs. Carl Kindelberger entertained a number of guests at three tables of pinocle. The occasion was to celebrate their wedding anniversary and a very enjoyable time was had by those attending. Orville Henry finished high for the men, and Dee McLaughlin finished low. For the ladies, Mrs. Chester Hammond finished high and Mrs. Dee McLaughlin was low.

New Addresses

The new address of two more boys from Paw Paw, who are serving in the United States army are as follows:
Private William G. Atherton, 400 S.S. Flight B. Keeler Field, Mississippi.
Private Howard Larabee, Co. G, 165 Infantry A. P. O. 27 Fort Ord, California.

O. C. D. Director

Many of the residents of Paw Paw will remember Rev. and Mrs. Ward, who used to reside here. Rev. Ward was the pastor at the Methodist church in Paw Paw. He is now located at Plano. Rev. Ward's son, Jimmy has been attending Northwestern university and has been appointed coordinator of college activities in the office of civilian defense.

Surprise Party

A surprise party was given at the Delphan Schlesinger home on Friday evening near Mendota to celebrate the first wedding anniversary of Mr. and Mrs. Delphan Schlesinger. There were three tables of 500 in play, with Mrs. Edwin Schlesinger high for the ladies and Mrs. Wayne Pierce won consolation prize. For the men, Delphan Schlesinger was high and Wayne Pierce won consolation. A very enjoyable time was enjoyed by all attending.

Announce Engagement

Mr. and Mrs. George Warren of LaGrange announced the engagement of their daughter, Patricia to Thomas Roberts of Milwaukee, Wis., son of William Roberts. The wedding date has been set for Saturday, Feb. 28th at the Warren home, with the immediate families present and a reception will be held at the LaGrange country club, following the wedding. Miss Warren is a graduate of the University of Illinois, where she was a member of Pi Beta Phi sorority and also of the Prince School in Boston. Mr. Roberts attended the University of Wisconsin. Mr. and Mrs. Warren were formerly of Paw Paw.

Mrs. Chester Sickler of Whitebear, Minn., is a guest this week of her sister and husband, Mr. and Mrs. Ed Rothmel.

Mrs. Kenneth Anderson entertained her buncos club Tuesday night. Present were the Meses. Andrew Ballard, Ross Miller, Cletus Walker, Clark Smith, John Madlena and Al Shank.

Sunday guests of Mr. and Mrs. Everett Smith were Mr. and Mrs. W. B. Coyne of Fulton and Mr. and Mrs. John White, Albany.

Mrs. William Asp and sister, Miss Avis Gatz, Mrs. Ed Rothmel and sister, Mrs. Chester Sickler, of Whitebear, Minn., are attending a Rebekah school of instruction at Polo this evening. The school is being conducted by Mrs. Leta Massingale, Canton, Ill., a vice president of the state assembly of the organization.

The Junior Woman's club will meet Monday night at the home of Mrs. Kenneth Anderson.

Mrs. Ed Rothmel entertained the Jolly Quilters at her home this afternoon.

Mrs. Elizabeth Ewert of Chicago is a guest this week of her daughter and husband, Mr. and Mrs. Adam Hecker.

Mrs. Walter Klepfer and daughter, Mrs. Bernell Cluts returned home Tuesday from Marion, Ind., where they have spent the past four months caring for the former's mother, Mrs. Wm. Jeffries, whose death occurred last Friday. Mr. Klepfer and Mr. Cluts attended the funeral services at Marion Monday and brought their wives home the following day.

Out of a class of 47 in Red Cross first aid, the instructor, Mr. Beamon of Oregon, reports the entire class passing with high grades and sixteen had a grade of 100.

This speaks well for the instructor as well as the individual members of the group. Monday night a second class of 34 registered for instruction and Wednesday night an equally large class started their course of instruction of this important subject.

Mr. and Mrs. Elmer Sunberger, Mrs. Inez Hanes and Mr. and Mrs. C. Weatherby and sons of Chicago were dinner guests Sunday of Mr. and Mrs. Chas. Hayes at Kings. The Weatherbys spent the week end in the Hayes home.

(Additional Mt. Morris news will be found on the society page.)

Rules Men in Service

Can Vote as Absentees

Chicago, Feb. 26—(AP)—Superior Judge Francis B. Allegretti ruled yesterday that Chicago men in military service have the right to vote by absentee ballot in coming elections, regardless of whether they are registered.

Attorney Urban A. Lavery, upon whose petition the judge acted, predicted election boards elsewhere in Illinois would "fall in line" in recognizing that a 1919 state law permitting service men to vote without registering was in effect.

The order instructs the board of election commissioners to send absentee ballots to eligible voters in the service who request them.

Street signs are in two languages (French and English) in Montreal, Quebec, Canada.
